ELBERTON HISTORIC HOMES DISTRICT

The streets of Downtown Elberton are lined with a picturesque and historic breadth of special homes, representing several eras of construction and styles of architecture.

Dating back as far as the 1850's, Elberton's historic homes serve as reminders of the city's role in shaping Georgia history. They represent the legacies of several key figures in Elberton's past, individuals and families whose impact was felt not only by locals, but by people throughout the state.

Many of these homes have been saved from commercial development and restored by their owners, recapturing their historic charm while providing a place to live for the new leaders of Elberton.

For more information, contact the Elberton Historical Society at (706) 213-3000.
